

Walk on the Wild Side. Be a Zoo Volunteer.

*Thank you for your interest in the Detroit Zoological Society's volunteer program.
The Detroit Zoo and the Belle Isle Nature Center prosper from community support.
In return, we hope you enjoy the opportunities and training we provide.*

There are three steps to becoming a Detroit Zoological Society adult volunteer:

Complete a Volunteer Profile Sheet
Attend Volunteer Orientation, Part 1 and 2
Complete an Interview with Volunteer Services staff

Step 1: Complete a Volunteer Profile Sheet and return it to volunteer@dzs.org or to the address on the top of the form.

Step 2: Attend Volunteer Orientation Part 1 and 2. Part 1 is a general overview of our program focusing mainly on opportunities available at the Detroit Zoo. The agenda includes: welcome and introductions, a short film on the history of the Detroit Zoo, presentations by volunteers on opportunities at the Detroit Zoo and the opportunity to sign up for an interview. Volunteer Orientation Part 2 includes information on emergency preparedness, the Zoo's educational mission, volunteer policies and procedures and an introduction to our online scheduling system. **Orientations must be attended in order.**

Step 3: Complete an interview. An individual informal interview with a Volunteer Services staff member helps us place you in the volunteer opportunity that meets your needs and ours. Paperwork such as a background check will also be completed. A choice of appointment times are during the week following Orientation or as needed to fit your schedule.

You may attend both orientations on the same day (when available) if you wish – bring a lunch if you would like. **Part 1 and 2 are required before being eligible to volunteer.**

To reserve your seat at the Orientation to learn more about opportunities at the Detroit Zoo, please complete and return the enclosed Volunteer Profile Sheet, indicating which date(s) you will attend. You may also call Volunteer Services at 248-541-5717 ext. 3802 or e-mail volunteer@dzs.org to make a reservation. Since there is limited space available, we will advise confirmation when your Volunteer Profile Sheet is received.

Detroit Zoo Volunteer Orientations are held in the Zoo's Ford Education Center.

Orientation Part 1

Saturday, March 11, 9-11:30 a.m.
Saturday, April 8, 9-11:30 a.m.
Wednesday, May 3, 6-8:30 p.m.
Saturday, June 3, 9-11:30 a.m.

Orientation Part 2

Saturday, March 11, 12:30-3:30 p.m.
Saturday, April 8, 12:30-3:30 p.m.
Wednesday, May 10, 6-8:30 p.m.
Saturday, June 3, 12:30-3:30 p.m.

Orientation Location: See the map included in this packet for directions to the Ford Education Center: Enter the Zoo through the Administration Gate (#4) located one-quarter mile west of the main Zoo entrance on the I-696 service drive. The security guard will give you further directions and volunteers will be on hand to direct you to the Ford Education Center.

Please note, the minimum age is 18 and volunteers do not feed or handle the animals.
We look forward to hearing from you.

Melissa Pletcher, Assistant Manager
Chelsea Skytta, Volunteer Coordinator

Run with the wildest crowd in town!

Volunteer at the Detroit Zoo!

IF YOU HAVE AN INTEREST IN ANIMALS, ENJOY PEOPLE AND HAVE A CHEERFUL DISPOSITION, WE HAVE A PLACE FOR you!

FULL DESCRIPTIONS OF THE PROGRAMS BELOW WILL BE GIVEN AT ORIENTATION PART 1.

The following opportunities are available year-round.

Australian Outback Adventure “Mob Squad”- Guests are able to walk among the kangaroos and wallabies on a pathway through the *inside* of their exhibit. Volunteers are on hand to answer questions and to facilitate the flow of visitors. A three to four-hour specialized train session includes information about our kangaroos and wallabies, their lifestyle and native habitats.

Ford Education Center Volunteers - Our premier education facility offers the opportunity to help with a wide variety of activities. Greeters, way-finders, program assistants, the list grows and changes depending on the programming that is scheduled.

Gallery Guides - Work with Zoo staff to greet and educate visitors in the unique and award-winning Wildlife Interpretive Gallery. Assist visitors with information in the Butterfly Garden, the Art Gallery and Science On a Sphere. All Gallery Guides attend a three-hour training session taught by Zoo staff to be acquainted with the facility and its residents.

Docents - Share your knowledge and appreciation of animals with groups of adults and children. Participate in educational programming at the Detroit Zoo, including leading group tours. Docents also staff the Arctic Ring of Life, the National Amphibian Conservation Center and answer questions at animal habitats throughout the Zoo. Docents learn about the Zoo and its animal residents during in-depth, multi-week training sessions taught by Zoo staff, usually scheduled in the fall.

SOS Assistants – Science On a Sphere (SOS) is an amazing spherical display system that projects dynamic simulations of the Earth, its atmosphere, oceans and land. It is located in the Wildlife Interpretive Gallery and was developed by the National Oceanic and Atmospheric Administration, which also provides the environmental data that it displays. It is a great teaching tool to educate audiences. Volunteers at this location answer questions about how the Sphere works and assist with the flow of traffic through the exhibit. A one-hour training session is required.

Staff Aides - Assist a staff member by performing essential tasks such as answering the phone at the Call Center, filing, organizing, entering data and stuffing envelopes. The amount of time a Staff Aide volunteers is determined by his or her availability. All report to a specific person and schedule their time with that person. Some Staff Aides have regularly scheduled shifts and others are called as needed. Shifts are generally on weekdays during normal business hours. Training is on-the-job.

Special Events Volunteers - Help with a variety of jobs during our special event activities throughout the year. Arts and crafts, reading stories or helping with games are typical activities. If you enjoy interacting with children and meeting new people, you can help us as a Special Events Volunteer. Special Events at the Detroit Zoo include *Bunnyville*, *GreenFest*, *MemberFest*, *Zoo Boo*, *Wild Lights* and many more throughout the year. A pre-event meeting may be required for training purposes.

Polk Penguin Conservation Center – Volunteers in this location assisted by answer guest questions and on busy days, they help with the flow of visitors through the facility. All Penguin Center volunteers attend a three-hour training session taught by Zoo staff. We recommend a visit to the penguin center as a prerequisite to joining this volunteer group.

Belle Isle Nature Center Assistant – See next page for information.

The following opportunities are available April – October only.

ARL Guest Assistant - The Arctic Ring of Life (ARL) is a must-see element of a Zoo visit. Volunteers in this area learn about the seal and polar bear residents in order to answer questions and to share their compelling rescue stories. On extra busy days, they organize the flow of visitors through the Polar Passage while bears and seals swim overhead. We recommend a visit to the ARL as a prerequisite to joining this volunteer group.

Zoo Ambassador - This is a job for a real “people person.” Greeting and welcoming visitors as they enter the Zoo, helping them find the facilities and exhibits they are looking for, sharing the news of the day regarding special events and activities, all of these and more fall under the Zoo Ambassador job description. And, of course, as our diplomats of customer service, they do it all with a smile! A six-hour one-day training session is required.

Gardening Assistants - Help the Landscape staff with special projects, weeding, planting and watering. Flexible schedules are available during the growing season as well as the rest of the year to maintain indoor plantings. No training is provided; gardening experience is required. When an Adopt-a-Garden plot becomes available, Gardening Assistants are offered the first opportunity to adopt.

For all programs listed above, the minimum age is 18. No prior experience is required. Please note that volunteers do not feed or handle Zoo animals. *The Volunteer Program (ages 15-17) has a separate application process.*

BELLE ISLE NATURE CENTER

Belle Isle Park is a Detroit gem and became Michigan's 102nd State Park in 2014 as part of a lease agreement with the City of Detroit. This 985-acre island park is situated on the Detroit River between the United States and Canada. It holds a special place in the memory of many people who grew up swimming, ice skating or canoeing during frequent visits to the island. We are pleased to offer an opportunity for people to give back to a place that has meant so much to them and to introduce it to those interested in supporting the city.

The **Belle Isle Nature Center** is operated by the Detroit Zoological Society. Its mission is to “bring the wilds of Michigan to the heart of Detroit” and it works to achieve that goal by providing a variety of nature experiences for Detroit school children and families from Detroit and southeast Michigan. It also serves as a meeting place for local conservation-related organizations.

The building itself features Michigan reptiles, amphibians and fish along with a very popular bee exhibit along an indoor nature trail. Large windows look out to a collection of feeders frequented by a wide variety of native and migrating bird species. Feeding the deer was always a memorable part of a Belle Isle visit so the Nature Center offers a Deer Encounter with daily public feeding times. Nine of the fallow deer that formerly roamed the island are housed in a 1-acre enclosure.

We are recruiting volunteers to help with two essential activities: **Special Events** and the **Deer Encounter**. Opportunities also exist for experienced gardeners willing to maintain sites around the building.

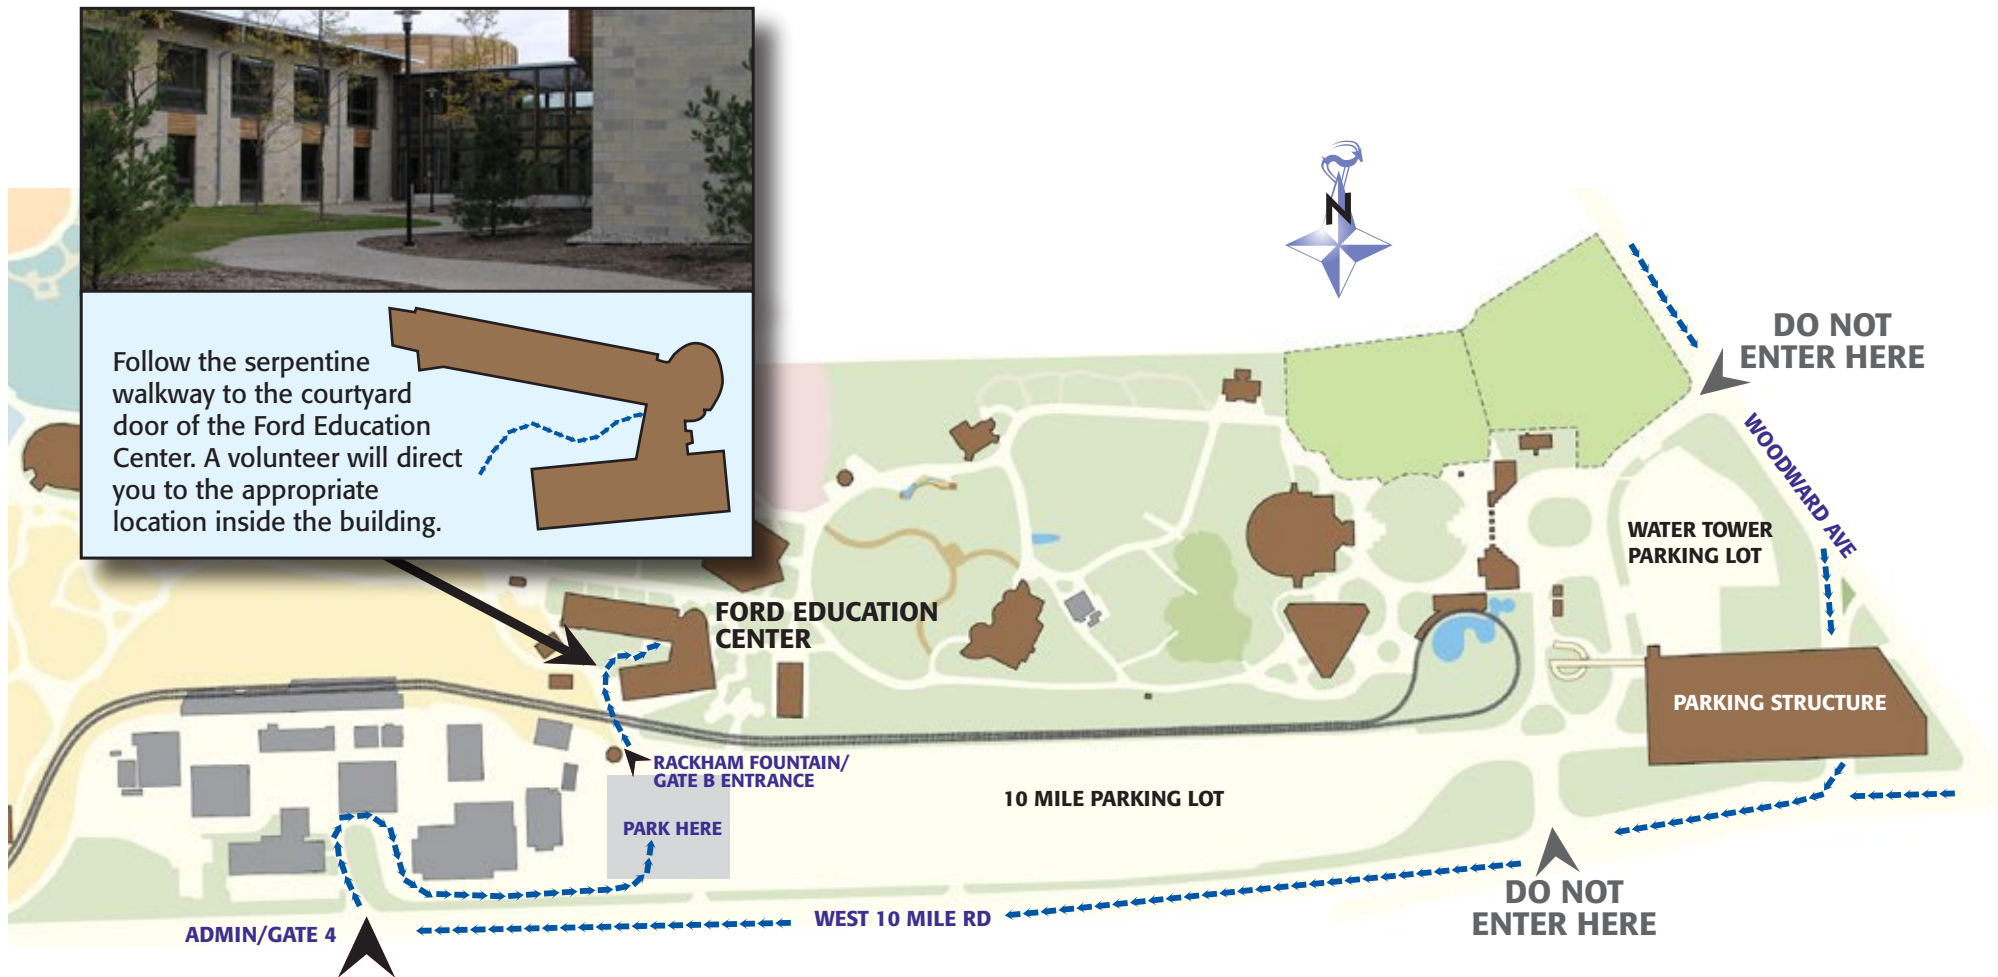

Special Events Volunteers fill a variety of needs according to the event. Typical duties will include greeting visitors, handing out programs, helping children with crafts, assisting vendors and staff with set up and clean up. A regular shift is not required; the events come and go throughout the year and volunteers can sign up for those that match their availability. We ask for a minimum of 20 hours per year to stay on our roster. Occasionally a pre-event orientation may take place and will be announced as necessary.

Deer Encounter Volunteers are valuable assistants Wednesday-Sunday during the fall, winter and spring and on a daily basis mid-June through Labor Day. This opportunity is for those with the time to contribute regular shifts to welcome visitors to the Nature Center, help them enjoy the animals and the activities by answering questions and providing information, and assisting with the public feedings at the Deer Encounter. People who love to learn and then share their knowledge will find this particularly satisfying. Again, the minimum commitment is 20 hours annually but we are sure those who venture into this opportunity will be happy to provide much more support.

There are four steps to becoming a Belle Isle Nature Center volunteer:

- Complete a Volunteer Profile Sheet
- Attend Volunteer Orientation, Part 1 and 2
- Complete an Interview with Volunteer Services staff
- Attend a Belle Isle Nature Center orientation/training

The minimum age is 18. No prior experience is required. We will provide you with the training you need. Please note that volunteers do not handle Zoo animals.

ENTER HERE FOR VOLUNTEER ORIENTATION

Enter through Administration/Gate 4 where security guard is stationed. Follow the roadway to the right to reach the 10 Mile Parking Lot.

Park in the west end of the 10 Mile Parking Lot, near the Rackham Fountain entrance/Gate B.

Proceed to the courtyard door of the Ford Education Center.
